| Tamsin | Alli-Balogun | I am a full member of APM having spent 15 years working in project roles. I have experience working in both the environmental sector and engineering sector, previously managing design and assessment projects for construction clients, and more recently leading Business Change projects within a large, global Engineering and Design Consultancy. I have an active interest in Knowledge Management and how we can better enable collaboration, good communication and upskilling within (and between) our organisations and projects. | I was co-opted to serve on the committee in 2021-2022 and would like to continue in this role. | I bring project management, business change management and ED&I leadership experience. I enjoy discussing what knowledge is, why defining it matters and how we can support the wider project community in good Knowledge Management approaches and practices. |
| David | Pearce | I have been involved in the Knowledge area for many years and have undertaken industry research. | I have been actively involved with the committee for a number of years and wish to continue my involvement. | Empathy and wide understanding subject and industries |
| David | Williams | I am a Certified Practicing Project Director and a Chartered Project Professional (ChPP). I am also the President of the Australian Society for Knowledge Management. I lecture at the Australian National University and the University of Canberra on Project Management, knowledge management | I enjoy the interaction with the group | A different perspective (from Australia) |
